

What to do when someone goes missing:

1. Contact police immediately
2. Contact local media, TV, newspapers, radio
3. Go to social media and ask for help
4. Check phone records and find the last ping location
5. Contact/text any available numbers on phone list to get any information
6. Call local hospitals-was anyone seen or admitted with no identity
7. Call local fire departments-did someone refuse treatment or to be transported to hospital
8. Contact bank and all social media accounts- may need to become emergency power of attorney
9. Contact missing persons advocacy group for support (Such as: Bring Our Missing Home and NamUs)
10. Hire private investigator that specializes in missing person cases
11. Get Missing Person flyers made and post around all locations person would frequently visit or was last seen
12. Walk last steps, locate any cameras as soon as possible, and have footage requested by local authorities
13. Organize searches as needed
